# Patent Check NOTICE

<b>Invention Name</b>	Lightweight portable pelvic exam device	<b>U.S. Patent Number</b>	8,875,327
<b>Inventor</b>	Pamela Gilley	<b>Patent Issue Date</b>	November 4, 2014
<b>Assignee</b>	Schnell Medical, LLC	<b>Patent Filing Date</b>	March 16, 2011
<b>Inquiry Contact</b>	info@porta-gyn.com		

By reaching this page, you are put on notice that a patent has been issued in the name of the United States under the seal of the United States Patent and Trademark Office, and is either signed by the Director of the USPTO or is electronically written thereon and attested by an Office official. The patent contains a grant to the patentee which confers “the right to exclude others from making, using, offering for sale, or selling the invention throughout the United States or importing the invention into the United States” and its territories and possessions for which the term of the patent shall be generally 20 years from the date on which the application for the patent was filed in the United States or, if the application contains a specific reference to an earlier filed application under 35 U.S.C. 120, 121 or 365(c), from the date of the earliest such application was filed as provided by law. This notice is a validation of the above information only and is not a certification or statement of legal effect of any kind.

### Licensing Inquiries and Patent Information

For information about licensing, purchasing or otherwise using the invention claimed in this patent, or to obtain information about the owner of this patent, contact info@porta-gyn.com.

### Acknowledgement of Accuracy

I acknowledge the above information is valid and accurate as of January 19, 2015 as per the United States Patent and Trademark Office’s Patent Application Information Retrieval Database.

A handwritten signature in black ink, appearing to read 'Scott Vedder', is written over a large, light-colored oval background.
